

NTD Access Control & GDPR

Physical Security plays an important part in securing & managing your data in line with your GDPR obligations.

NTD can assist with offering Modern, Accurate and Affordable; Fingerprint, Facial Recognition & RFID Proximity Readers...

Ideal for Server Rooms, HR Departments and any office where digital and or paper assets may be stored.

The NTP 22 is a NEW Ultra-thin Fingerprint Access Control Terminal with elegant design that offers flexibility for standalone installation or can be utilised with NT Access Control Software. With the new SilkID fingerprint reader, the operation remains stable under strong light source and high preciseness of verification of wet and rough fingers.
