MODULAR TECHNOLOGY THAT GROWS WITH YOUR BUSINESS

The optional Neopost AutoFeed automatic envelope feeder allows you to process up to 65 letters per minute.

CREDIFON®. THE FAST, SIMPLE POSTAGE RE-CREDITING SYSTEM.

Many re-crediting systems are slow and complicated, often requiring long calls. The IJ-40 helps you avoid all that. Neopost's Credifon® system refills your machine with postage in just a few key strokes, getting you back to business in seconds – 24 hours a day, 365 days a year. Just dial the number, punch in your pin and key in the value. It couldn't be simpler!

Credifon® remote recrediting is operated by Neopost over a premium rate phone line charged at £1.50 per minute including VAT (£1.28 excluding VAT). Calls should last no more than 1 minute. You'll receive full and accurate account statements for your postage charges.

PRICING IN PROPORTION

All our new machines have been designed with Pricing in Proportion (Royal Mail's new tariff where mail is priced according to both its size and weight) in mind, and are ideally suited to both the professional mailroom and office environment.

IJ-40 COMPACT, COST EFFECTIVE AND READY FOR THE FUTURE

Conveniently compact and easy to use, the IJ-40 boasts many of the features you'll find on larger machines. An automatic label dispenser is included as standard and Neopost AutoFeed can be added as your mailing needs grow.

No more fuzzy franking marks. The IJ-40's advanced inkjet technology produces a crisp, clear frank and a clean, positive message about your company. Your envelopes can be used as selling tools, with the IJ-40 storing a selection of customised marketing slogans. You can get it to print new text messages any time you like.

- REDUCE WASTE – PRINTS EXACT POSTAGE, WHATEVER THE SIZE OF YOUR MAIL-PIECE
- SAVE TIME USING DIFFERENTIAL WEIGHING
- ADD MARKETING MESSAGES TO YOUR ENVELOPES
- FAST PRINTING OF FRANKED LABELS FOR PARCELS AND PACKAGES
- ANALYSE, CONTROL AND ALLOCATE POSTAL COSTS FOR UP TO 35 ACCOUNTS
- EASILY UPGRADE TO A COMPLETE MAILROOM SOLUTION

Automatic label dispenser stores and dispenses labels for swift and easy parcel post.

Easy to use feeder makes manual franking a breeze

NO MORE "GUESS THE WEIGHT"

People often guess the weight of unusual packages – and waste money on over-stamping. The IJ-40's integrated, electronic weigh platform calculates the weight of envelopes and packages and then automatically applies the correct postage. You can even weigh a selection of items using differential weighing – just place the items on the weigh platform and it will calculate the weight of each individual item as you send it for franking.

PROFESSIONAL IMAGE

The IJ-40 is 100% inkjet and 100% digital, which gives you superbly crisp, clean impressions. Up to ten customised slogans can be loaded from memory cards and you can add your company name, greetings, marketing slogans – even logos and photographs.

UNPARALLELED EASE OF USE

The IJ-40's easy-to-read display and one-touch controls make operating easy, while long-lasting, ink cartridges are a snap to replace. Logos and slogans can be uploaded from digital memory cards, which are also used to update postal rates when they change.

ALLOCATING POSTAL COSTS MADE EASY

The IJ-40 allows you to easily recharge your postal costs, either to other departments or to customers, with mail accounting capabilities for up to 35 accounts. Accounting records can be printed onto franking labels or through an external printer.

THE SIMPLE SOLUTION TO AWKWARD SHAPED PARCELS

Additional scales can be interfaced with the IJ-40 for large, irregular shaped packets and parcels of more than 2 Kg – and you don't even need stamps! A built-in label dispenser enables the IJ-40 to print onto a self-adhesive strip, making it easy to apply to larger items.

A MINI MAILROOM IN YOUR OFFICE

Linked to a folder inserter, the IJ-40 gives you all the advantages of mini-mailroom capabilities and continuous, ready-to-mail processing. It will deal with your mail in a tenth of the time it would take a staff member to handle it, and can be used for mailshots and other marketing activities.
